

BYD ATTO 2 Pakistan Information

Purpose: This PDF is prepared as a source document for your BYD Pakistan RAG chatbot project.

Important: Prices and specifications can change. Verify final details with official BYD Pakistan dealer before making decisions.

BYD ATTO 2 is a fully electric compact SUV available in Pakistan. It is part of BYD's ATTO lineup and is positioned as a smaller and more affordable electric SUV compared with BYD ATTO 3.

Basic information

- Vehicle type: Electric SUV / crossover.
- Fuel type: Electric.
- Variant in Pakistan: BYD ATTO 2 Premium.
- Best use case: City driving, daily commuting, small families, and buyers who want an affordable BYD electric SUV in Pakistan.

Price in Pakistan

- BYD ATTO 2 Premium price in Pakistan: PKR 7,290,000 ex-factory.
- Ex-factory price does not include freight, taxes, registration, insurance, or documentation charges.
- Prices may change over time and should be verified with an official BYD Pakistan dealer.

Drive, transmission, power, and performance

- Drive type: Commonly listed as front-wheel drive in Pakistan-related sources, but official BYD Pakistan page should be checked for final confirmation.
- Transmission: Automatic single-speed EV transmission.
- Electric motor power: 174 hp.
- Acceleration: 0 to 100 km/h in about 7.9 seconds.
- Top speed: 160 km/h.

Battery, range, and charging

- Battery: 45.12 kWh BYD Blade Battery.
- Range: Up to 380 km NEDC driving range.
- Fast charging: BYD Pakistan states 30% to 80% charging in about 30 minutes using supported fast charging.
- Normal charging time: Around 8 hours according to PakWheels data.

Dimensions and capacity

- Seating capacity: 5 persons.
- Length: 4310 mm.
- Width: 1830 mm.
- Height: 1675 mm.
- Wheelbase: 2620 mm.
- Ground clearance: 150 mm.
- Kerb weight: 1550 kg.

- Doors: 5.
- Boot space: 380 litres normally; up to 1320 litres with rear seats folded.

Tyres, wheels, and colors

- Tyre size: 215/60/R17.

- Driver attention warning.

- Anti-theft alarm.
- Immobilizer.
- Autonomous emergency braking.
- Collision detection.
- Airbags are available; PakWheels FAQ mentions 6 airbags for ATTO 2 Premium.

Main strengths and limitations

- Strengths: Affordable BYD EV option in Pakistan; compact SUV size; good electric range for daily use; Blade Battery safety; modern features such as wireless charging, V2L, 360 camera, and driver assistance.
- Limitations: Smaller than ATTO 3; charging infrastructure in Pakistan is still developing; official price and availability can change; drive type should be verified from BYD Pakistan dealer.
