

BYD ATTO 3 Pakistan Information

Purpose: This PDF is prepared as a source document for your BYD Pakistan RAG chatbot project.

Important: Prices and specifications can change. Verify final details with official BYD Pakistan dealer before making decisions.

BYD ATTO 3 is a fully electric compact SUV / crossover available in Pakistan. It is larger than BYD ATTO 2 and offers more space, more power, and a more premium interior.

Basic information

- Vehicle type: Electric compact SUV / crossover.
- Fuel type: Electric.
- Variant in Pakistan: BYD ATTO 3 Advance.
- Best use case: Families, urban commuting, inter-city travel, and buyers who want a more spacious electric SUV than ATTO 2.

Price in Pakistan

- BYD ATTO 3 Advance price in Pakistan: PKR 8,990,000 ex-factory.
- Ex-factory price does not include freight, taxes, registration, insurance, or documentation charges.
- Prices may change over time and should be verified with an official BYD Pakistan dealer.

Drive, transmission, power, and performance

- Drive type: Generally known as a front-wheel-drive electric SUV with a front-mounted motor; final confirmation should be taken from official BYD Pakistan dealer.
- Transmission: Automatic single-speed EV transmission.
- Electric motor power: 201 hp.
- Torque: International ATTO 3 specifications commonly mention 310 Nm torque, but Pakistan pages may not show torque clearly.
- Acceleration: 0 to 100 km/h in about 7.9 seconds according to BYD Pakistan; some sources mention around 7.3 seconds depending on market and specification.
- Top speed: 160 km/h.

Battery, range, and charging

- Battery: 49.92 kWh BYD Blade Battery in the Pakistan-listed version.
- Range: Up to 410 km driving range.
- Normal charging time: Around 9 hours.
- Fast charging: BYD Pakistan states 30% to 80% charging in about 30 minutes using supported fast charging.

Dimensions and capacity

- Seating capacity: 5 persons.
- Length: 4455 mm.
- Width: 1875 mm.
- Height: 1615 mm.

- Wheelbase: 2720 mm.
- Ground clearance: 175 mm.
- Kerb weight: 1680 kg.
- Doors: 5.
- Boot space: 440 litres; BYD Pakistan also mentions up to 1340 litres with rear seats folded down.

- Anti-theft alarm.
- Immobilizer.

Main strengths and limitations

- Strengths: More powerful than ATTO 2; larger interior and boot space; longer driving range; premium cabin; strong safety features; Blade Battery technology; good balance of family practicality and EV performance.
- Limitations: More expensive than ATTO 2; charging infrastructure in Pakistan is still developing; actual range depends on speed, AC use, weather, road conditions, and driving style; official specs and price may change.
