

BYD Seal Pakistan Information

Purpose: This PDF is prepared as a source document for your BYD Pakistan RAG chatbot project.

Important: Prices and specifications can change. Verify final details with official BYD Pakistan dealer before making decisions.

BYD Seal is a fully electric sedan available in Pakistan. It is a premium electric sedan focused on luxury, performance, technology, and long driving range.

Basic information

- Vehicle type: Electric sedan.
- Fuel type: Electric.
- Variants in Pakistan: BYD Seal Dynamic and BYD Seal Premium. BYD Seal Performance may also be referenced in some listings.
- Best use case: Buyers who want a premium electric sedan with long range, strong performance, advanced technology, and luxury comfort.

Price in Pakistan

- BYD Seal Dynamic price: PKR 14,790,000 ex-factory.
- BYD Seal Premium price: PKR 16,990,000 ex-factory.
- Overall Seal price range: Around PKR 1.48 crore to PKR 1.70 crore.
- Ex-factory price does not include freight, taxes, registration, insurance, or documentation charges.
- Prices may change over time and should be verified with an official BYD Pakistan dealer.

Drive, transmission, power, and performance

- Drive type: BYD Seal is generally sold internationally with rear-wheel-drive variants and an all-wheel-drive performance variant.
- Dynamic and Premium are generally associated with RWD in many BYD Seal markets, while Performance is associated with AWD.
- Final drive layout should be confirmed from an official BYD Pakistan dealer.
- Transmission: Automatic single-speed EV transmission.
- Dynamic variant: 201 hp.
- Premium variant: 280 hp.
- Overall Seal range listed by PakWheels: 201 hp to 523 hp depending on variant.
- Acceleration: BYD Pakistan main page lists 0 to 100 km/h as fast as 5.9 seconds. BYD Pakistan Blade Battery section also mentions 0 to 100 km/h within 3.8 seconds, likely referring to a higher performance configuration.
- Top speed: 220 km/h according to PakWheels.

Battery, range, and charging

- Battery: BYD Pakistan lists battery capacity up to 82.56 kWh.
- PakWheels lists battery capacity range as 61 kWh to 82 kWh depending on variant.
- BYD Seal uses BYD Blade Battery technology.
- Range: BYD Pakistan lists up to 650 km driving range.

- PakWheels lists range from 510 km to 650 km depending on variant.
- Fast charging: BYD Pakistan states 30% to 80% charging in about 30 minutes using supported DC fast charging.
- Normal charging time: Around 10 hours according to PakWheels data.

Dimensions and capacity

- Seating capacity: 5 persons.
- Length: 4800 mm.
- Width: 1875 mm.
- Height: 1460 mm.
- Ground clearance: 145 mm.
- Kerb weight: 1922 kg.
- Boot space: 400 litres.
- Tyre size: 225/50/R18.

- Tyre repair kit.
- Adaptive cruise control.
- Lane keeping assist.
- Blind spot monitoring.
- Advanced driver assistance system.
- Intelligent driving systems.
- Anti-lock braking system.
- Electronic stability control.
- Autonomous emergency braking.
- Rear cross traffic alert.
- ISOFIX child seat support.
- Parking assistance features.

Main strengths and limitations

- Strengths: Longest electric range among ATTO 2, ATTO 3, Shark 6 electric-only, and Seal EV models; premium sedan design; strong performance; fast charging support; Blade Battery safety; advanced cockpit and safety features.
- Limitations: More expensive than ATTO 2 and ATTO 3; lower ground clearance than SUVs and pickup trucks; charging infrastructure in Pakistan is still developing; actual range depends on speed, weather, AC use, road conditions, and driving style; variant details such as drive type should be confirmed with an official BYD Pakistan dealer.
