

BYD Shark 6 Pakistan Information

Purpose: This PDF is prepared as a source document for your BYD Pakistan RAG chatbot project.

Important: Prices and specifications can change. Verify final details with official BYD Pakistan dealer before making decisions.

BYD Shark 6 is a plug-in hybrid electric pickup truck available in Pakistan. It is designed as a powerful double cabin pickup with electric hybrid technology and off-road capability.

Basic information

- Vehicle type: Double cabin pickup truck.
- Fuel type: PHEV, meaning Plug-in Hybrid Electric Vehicle.
- Variant in Pakistan: BYD Shark 6 Premium.
- Best use case: Users who want a pickup truck with strong performance, off-road ability, towing capacity, and hybrid efficiency.

Price in Pakistan

- BYD Shark 6 Premium price in Pakistan: Around PKR 19,950,000 ex-factory, also shown as around PKR 2.00 crore.
- Ex-factory price does not include freight, taxes, registration, insurance, or documentation charges.
- Prices may change over time and should be verified with an official BYD Pakistan dealer.

Engine, hybrid system, power, and performance

- Engine displacement: 1497 cc petrol engine.
- Fuel tank: 60 litres.
- Hybrid system: Plug-in hybrid system combining internal combustion engine with electric motor support.
- Power: 436 hp combined.
- Torque: 650 Nm combined.
- Drive type: AWD with off-road capability.
- Transmission: Automatic.
- Acceleration: 0 to 100 km/h in about 5.7 seconds.
- Top speed: 180 km/h.

Range and charging

- Electric range: 100 km NEDC according to BYD Pakistan.
- Combined range: Up to 800 km combined range.
- Range depends on petrol use, battery charge, load, speed, road conditions, and driving style.

Dimensions and capacity

- Seating capacity: 5 persons.
- Length: 5457 mm.
- Width: 1971 mm.
- Height: 1925 mm.

- Wheelbase: 3260 mm.
- Ground clearance: 230 mm.
- Kerb weight: 2710 kg.
- Doors: 4.
- Cargo / boot space: 1200 litres according to PakWheels.
- Tyre size: 265/65/R18.

Colors

- Available colors in Pakistan: Cosmos Black, Arctic White, Atlantis Grey.

Off-road capability and towing

- AWD with off-road capability.
- Driving modes include Mud, Snow, and Sand.
- Approach angle: 31 degrees.
- Departure angle: 19.3 degrees.
- Ramp-over angle: 17 degrees.
- Ground clearance: 230 mm.
- Wading depth: 700 mm.
- Towing capability: 2500 kg.
- Vehicle Dynamic Control.
- Hill Hold Control.
- Hill Descent Control.
- Trailer Stability Control.

Platform and technology

- Super Dual Mode Off-Road Platform.
- Ladder frame chassis.
- Off-road hybrid architecture.
- High-performance chassis.
- Electric Hybrid longitudinal EHS drive assembly.
- Cell-to-chassis technology according to BYD Pakistan.
- High-strength steel underbody protection plate.
- Long travel double wishbone suspension.
- Vehicle-to-Load function, also called V2L, which allows the vehicle battery to power external devices.

Exterior and interior features

- Large pickup truck body.
- Double cabin design.
- Alloy wheels.
- LED headlights.

- Daytime running lights.
- Roof rails.
- Side steps.
- Rear fog lamp.
- High mount stop lamp.
- Side mirrors with indicators.
- Rain sensing wipers.
- Auto retractable side mirrors.
- Heated side mirrors.
- Panoramic sunroof.
- 15.6-inch intelligent cockpit LCD.
- Leather seats with powered adjustment.
- Driver and passenger electric seat adjustment.
- Dual-zone climate control.
- Rear AC vents.
- Push start.
- Keyless entry.
- Wireless charger.
- Ambient lighting.
- Power windows.
- Power mirrors.
- Power steering.
- Front and rear parking sensors.
- 360-degree camera.
- Front camera.
- Rear camera.
- Auto brake hold.
- Driving modes.
- Smart cruise control.
- Adaptive cruise control.
- 12 speakers according to PakWheels.
- Digital instrument cluster.
- Apple CarPlay.
- Android Auto.
- Bluetooth connectivity.
- USB support.

Safety features

- 7 SRS airbags.
- Front airbags.
- Side airbags.
- Curtain airbags.
- ISOFIX child restraint anchorage points.
- Child presence detection.
- Automatic emergency braking.
- Lane departure warning.
- Lane departure prevention.
- Emergency lane keeping assist.
- Front collision warning.
- Rear collision warning.
- Blind spot detection.
- Rear cross traffic alert.
- Adaptive cruise control.
- Vehicle stability control.
- Traction control.
- Hill hold control.
- Hill descent control.
- Trailer stability control.
- Surround view monitor.
- Parking distance warning.
- Driver attention warning.
- Anti-theft alarm.
- Immobilizer.
- Collision detection.

Main strengths and limitations

- Strengths: Strongest performance in this BYD Pakistan dataset; PHEV system gives electric driving and petrol backup; 800 km combined range; AWD off-road capability; high ground clearance; strong towing capacity; V2L power output.
- Limitations: Much more expensive than ATTO 2 and ATTO 3; large body size may be harder to park in crowded cities; fuel and battery efficiency depend on driving mode and use; charging infrastructure is still developing.
